

Reflexology

BRACELETS

Relax ✕ Focus

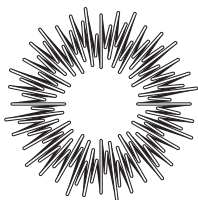

Dating back thousands of years, reflexology has been known to trigger healing effects throughout your whole body. By opening up energy pathways and circulatory channels in your hands, wrists, and arms, you expedite your body's ability to restore itself. Reflexlet, with 300 triangle folds, uses innovative acupressure technology that stimulates your median, ulnar, and radial nerves, allowing you to massage your way to better health.
